

Partner search from Finland

Applicant: Piirivuori Village association/Youth section (LAG EMO area in Southern Finland)

1/ Working name for the project: Horses

Main Ideology

Activate Youth in village development through equestrian and horse related activities – horses considered as hobby and as an economical sector
--

Level of cooperation: Village/local community level – local development, local economy, activities for local youth and inhabitants, information exchange.

Objectives

Activating youth in local community development through equestrian activities
Getting international contacts for the young people and the local community
Cooperation and possibly networking of horse sector actors
Getting information and benchmarking
Improve the quality of life

Activities

The 3-4 days visits would include visits in enterprises (stables, rural tourism, trotting), NGO's, LAG's and local administration. The delegation would be around 10 people.
Presentations of the partners and areas
The young participants would communicate throughout the project with social media?
A leaflet on the results
A participation certificate

We are now looking for **two or three villages or local communities** interested in cooperation within the above mentioned thematics. We would like to start the project early 2013.

Preparative visits could be made this autumn.

We are mainly looking for partners in Hungary, Spain or Portugal but are not excluding any other willing country.
